

I'm looking for help in planning the Seattle meeting. Please let me know if you are (1) interested, and (2) if you are planning to be there.

3. About the time of the 1994 NCTM annual meeting, NCTM will be launching its first issue of Mathematics and the Middle Grades journal. Dorothy Fitch wrote me a letter suggesting that this would be a good opportunity for the CLIME community to contribute to this new publication. Possibly CLIME could act as conduit for materials that get submitted to the journal. You will find more information about the journal in the latest issue of the *Arithmetic Teacher*. A reprint of the advertisement will be included in our fall newsletter which will be out in early November.

I look forward to hearing from you by letter, phone, or email (Bitnet). TLP_ICHARISC@STEVENS

Sincerely yours,

Ihor Charischak
